# How to Download Bookshelf®

New for Autumn 2019

User content controls enable you to customise the EPUB reading experience by changing font size and style, background color, and more to make reading easier.

Create digital flashcards by highlighting text, copying book content, or adding your own summaries to quiz yourself on key concepts.

Bookshelf enables anytime, anywhere access to the world's largest catalogue of digital course materials from any laptop, tablet, or smartphone device. Read your books online or offline and create notes and highlights to help you study. Stay connected and keep learning!

iOS

Available on iPad, iPhone, and iPods that support iOS 11+.
