

Prepare. Practice. Focus.

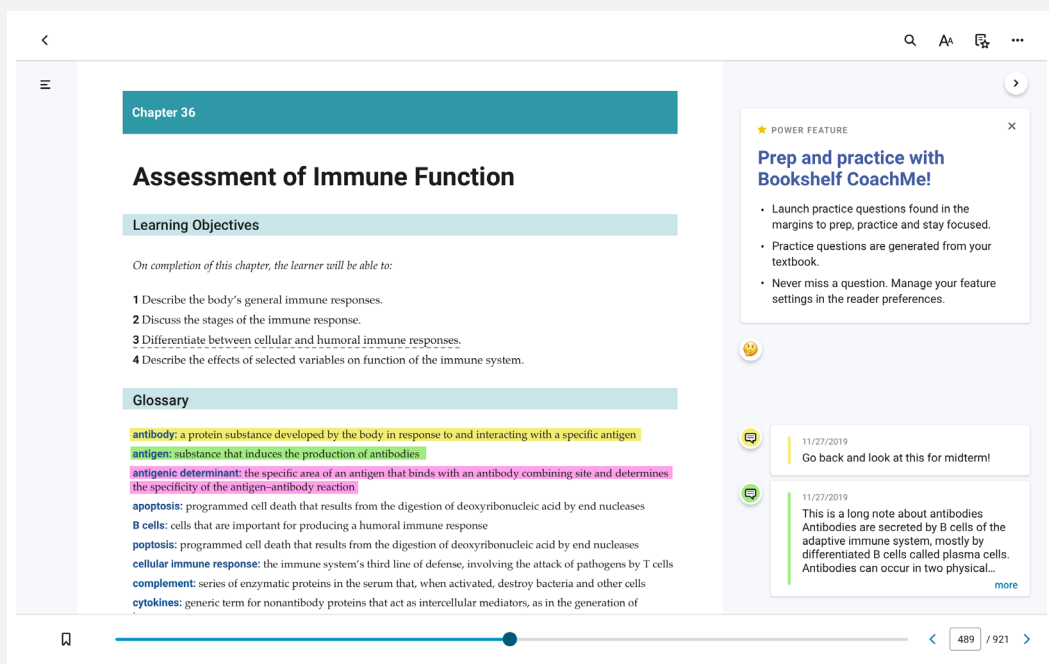

Prepare, practice, and focus take on a whole new meaning with Bookshelf CoachMe®, the industry's first and best AI tool built for the modern learner. Bookshelf® provides one place to learn it all, now with AI-generated practice questions found throughout the etext.

With Bookshelf CoachMe, access and affordability meet AI and learning science to help students succeed.

What is Bookshelf CoachMe?

Bookshelf CoachMe is a free, built-in study coach that provides AI practice throughout the etext. Students prepare, practice, and focus all in one place, so they show up to class confident and ready to learn.

Why Bookshelf CoachMe?

Because it's AI Done Right.

For Students

Download your etext in Bookshelf to access your free study coach, with AI-generated practice questions in the margins as you read.

Now, you have one place to learn it all. Identify what you know and focus on what you need to learn, all in one place. Feel confident and ready to participate in class by answering questions right in your etext.

For Instructors

Increase student confidence and participation with the power of AI backed by learning science. Learn by doing is a learning science principle that proves practice has about six times the effect on learning than reading.

Provide students with more opportunities for prep, practice, and focus with Bookshelf CoachMe's AI-generated questions, aligned to the core etext.

For Administration and Technology

It's business as usual, with no technical or administrative lift. There is no training, setup, or new integration necessary – Bookshelf CoachMe is simply a new feature within Bookshelf.

Near real-time data feeds and easy-to-use dashboards help inform content decisions and identify opportunities to improve outcomes.
